Updated: 2/6/15

Our goal is to make Bingo enjoyable and entertaining for all our patrons. By joining our session today, you are agreeing to these rules:

- No one under age 18 may play Bingo or be in the hall while Bingo is in progress. No one under age 18 may purchase or play Pull Tabs.
- Every person seated in the hall must have an admission slip. Your admission slip must be filled out and visible to the Bingo staff. Players without their own individual admission slip will not be paid.
- As required by Virginia law, we will collect a copy of every winner's admission slip. For prizes that exceed \$600, we will request additional personal identity information to comply with state and federal laws. We do not sell or rent your name, address, phone number or other identifiable information to third parties.
- Each player must purchase Bingo cards for their individual play. Do not purchase more cards than you can handle. Sharing Bingo cards is not permitted, and anyone sharing their cards will not be paid if they win.
- Bingo prizes are paid the night of play only. If you have not been paid, do not leave the Bingo hall without seeing the Bingo manager on duty.
- Please turn off all cell phones, pagers or other noise-making devices, or set them to silent mode. Cell phones may not be used in the hall while any session is in play.
- We reserve the right to refuse admission to anyone, for any reason. We also reserve the right to remove anyone from the premises, without refund, for disruptive or discourteous behavior.
- Any disputes will be resolved the same evening by the Bingo Manager, whose decision is final.

We value your feedback. Please let us know how we could improve Fire Station 5 Bingo.

If bad checks are not repaid promptly, we will prosecute to the full extent of the law.

COUPONS: Coupons issued by Franconia VFD may be redeemed for regular session games only. We accept a limit of one coupon per customer per day.

PROGRESSIVE GAMES: The progressive prize (from \$500) and the amount of numbers within which you must achieve Bingo for the progressive prize are posted. If no one wins the progressive prize, play will continue and a regular prize of \$100 or 50% of game sales (whichever is less) will be given. Each progressive jackpot will increase by \$100 and the number of calls needed to win will increase by one number each Bingo Night until the progressive prize is won.

- Progressive #1 (Game 9) starts at 14 numbers for a prize of \$500.
- Progressive #2 (Game 22) starts at 24 numbers for a prize of \$500.
- Progressive #3 / Lucky Seven (Game 26) starts at 16 numbers for a prize of \$500. You must choose 7 numbers from 1 to 75 or allow the computer to pick for you.

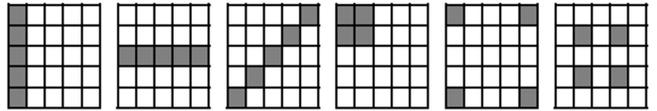

PULL TABS / "INSTANT BINGO": Pull Tab games are sold on the floor as well as behind the counter for \$1 a ticket. As we move from one game to the next, there may be more than one box in play at a time. In the event a game is continued to the next Bingo night, you may leave your contact information with us with a request to contact you with the winning number(s) when prizes are announced. All Pull Tab prizes must be collected by the players the same night that they win and may not be cashed at a later date (except continuation games). Please redeem your prize at the Pull Tab counter if it exceeds \$20. As required by Virginia law, we will collect a copy of your admission ticket with your name and address on it for all Pull Tab prizes.

Winning Bingo

During the bingo games, the callers have little control over the amount of time between balls as the time is set by the machine. The number boards are for your convenience only and are not in any way official. The caller's table is official and available for inspection at any time. The last number called is required for a valid bingo. While a raised hand is helpful, "BINGO" must be shouted out loud and heard by the caller. If the caller does not hear "Bingo" and either calls the next ball or closes the game, then that bingo will not count. Once the caller has closed the game, no more bingos will be allowed.

Early Bird session starts @ 6:45 p.m. with games 1 through 9.

BINGO PATTERNS: The possible winning patterns for each game are visible on the screen behind the caller. Special patterns (i.e. Kite, Letter X, etc.) are also stated in this program. Our regular bingo patterns can be any of the following: five numbers in any line, a postage stamp (2x2) in a corner, the four outside corners, or the inside four corners. Double/triple bingos are a combination of the regular bingo patterns.

PROGRESSIVE GAMES: If you achieve the bingo pattern within the posted amount of numbers, you win between \$500 and \$5000. If no one wins within the posted number of balls, then the game will continue for a regular prize of \$100 or one-half of the night's sales (whichever is less).
